REMEDIAL SERVICES Assessment Criteria

To be *eligible* for remedial services, members shall meet the following criteria:

Be assessed by a Licensed Practitioner of the Healing Arts (LPHA) for functional limitations due to mental health behaviors or symptoms.

Have a mental health diagnosis as determined by a Licensed Practitioner of the Healing Arts (LPHA).

Have a plan of skill development interventions based on the LPHA Assessment provided by an authorized Remedial Services Provider that will minimize mental health symptoms and maximize independent functioning.

Successful Remedial Plans meet these criteria:

Member name and address are on the plan, with member name, date of birth and Medicaid number at the top of each page.

Mental health diagnosis codes and code descriptions are identified and match the LPHA order.

Roles and responsibilities are identified.

The member's goals and objectives are:

- Remedial
- Individualized to the member
- Reflect the mental health diagnosis and symptoms noted on the LPHA order
- Measurable
- Time limited

Services are consistent with practice guidelines.

Treatment outcomes and discharge indicators are specified.

Plans that include Non Remedial goals are clearly identified as Non Remedial within the plan.
